

"...what you'll learn in 15 minutes can save hours and days of effort..."

2015 Mathematica Thailand Tour

Mathematica for Science & Engineering
Education and Research

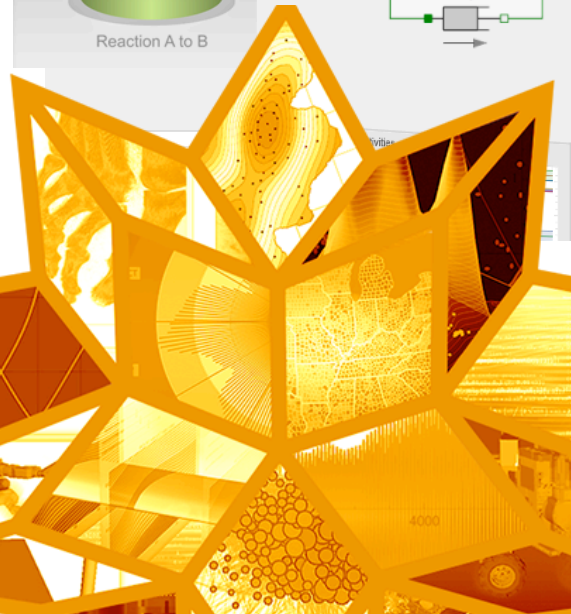

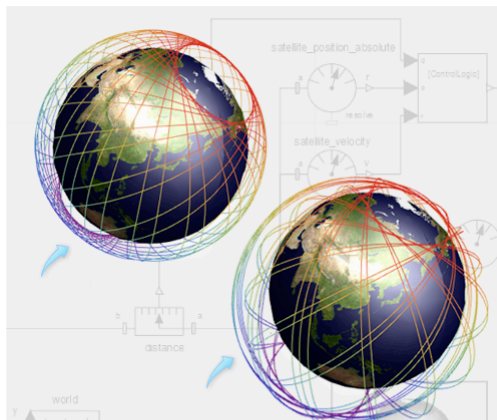

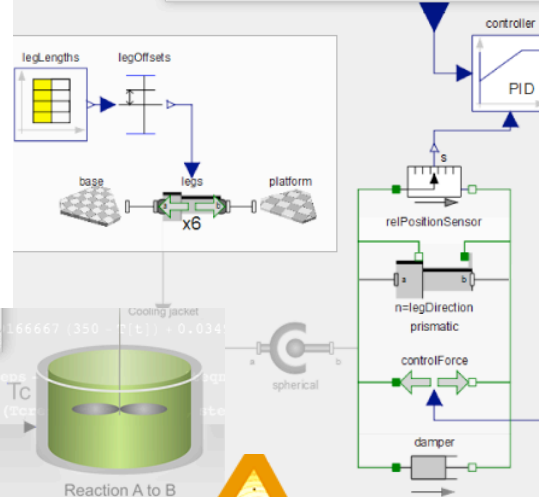

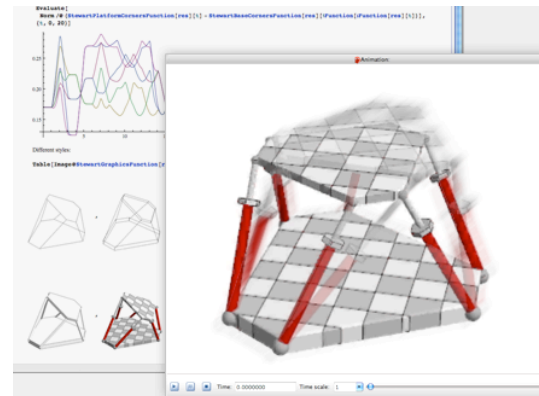

- ✦ Introduction to *Mathematica* 10
- ✦ Symbolic Computation
- ✦ Numerical Computation
- ✦ Visualization and Graphic
- ✦ Control Theory
- ✦ Example: Electrical, Aerospace and Mechanical Electrical Engineering

 Introduction to *SystemModeler* 4

 Circuit Analysis

 Machine Analysis

 Image Processing

Farid Pasha

Farid provides *Mathematica* trainings and seminars at universities, colleges, and high schools. He is experienced in working with educators on how to integrate *Mathematica* into their courses.

Interests: Finance, Visualizations, Course Design
