Materials Science Forum

More details of this periodical:

About: "Materials Science Forum" is a peer-reviewed journal which covers all aspects of theoretical and practical research of materials science: synthesis, analysis of properties, technology of materials processing and their use. "Materials Science Forum" is one of the largest periodicals in its field.

"Materials Science Forum" specializes in rapid publication of thematically complete volumes from international conference proceedings and complete special topic volumes. We do not publish stand-alone papers by individual authors. Authors retain the right to publish an extended and significantly updated version in another periodical.
